

Body measurements are given in inches. If your body measurement is on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your body measurements for chest, waist and hip result in different suggested sizes, order the size from your chest measurement.

The values in the size row for Youth and Girls are numeric sizes and do not have any relationship to a child's age.

The sizes listed below are general guidelines provided from the manufacturer and are not specific to each style. Due to differences in styles and personal preference of fit, the list may not always be accurate.

We strongly recommend trying on physical samples whenever possible. There are no returns on customized products

Men's Nike Apparel Size Chart

	S	M	L	XL	XXL

If you need to speak to someone in person, the Customer Service hours of operation are **Monday thru Friday 9:00 am to 6:00 pm** (Eastern Standard Time) and can be reached at **(800)483-2690** or **(513)489-5425**.

Where to measure

1. Chest - Measure around the fullest part, across chest points, keeping the tape horizontal.
2. Waist - Measure around the narrowest part (typically the small of your back and where your body bends side to side), keeping the tape horizontal.
3. Hips - Measure around the fullest part of your hips, keeping the tape horizontal.
4. Inseam - Measure from your crotch to the bottom of your leg.
5. Height - Without shoes, measure straight down from the crown of your head to the floor.
